

## FrankTown Weather Policy

### **Weather Closure Policy**

We follow the Williamson County School District for weather-related closures. If the district is closed due to weather, we will also be closed. If the district dismisses early, we will be closed for the evening.

We also closely monitor weather conditions and may make additional decisions as needed to ensure the safety of our students, volunteers, and staff. In the event of a closure, updates will be shared on our social media channels and communicated via email to families and volunteers.
